

IMPACT REPORT 2020

At Gilda's Club South Florida our goal is to increase social ties, sense of control, and hope and meaning in order to help improve the health and well-being of people affected by cancer. We do this through our evidence-based program model of support services, education, healthy lifestyle, social connections and resources and referrals.

Sustain by Community

75%

of members receiving supportive services surveyed reported reduced risk for depression and level of distress.

Strengthen by Action

92%

of members indicate the services encourage them to live well during and after cancer treatment.

Empower by Knowledge

91%

reported an increase in knowledge about the cancer experience due to our educational programs.
